CHAIRPERSON'S STATEMENT

The Board's term expired on 1 November 2001, on which date the MEC for Finance and Economic Affairs re-appointed all Board Members for a further term of five years. I wish to take this opportunity to thank my fellow Board Members for making themselves available for a further term.

The achievements of the Board for the year under review are dealt with in the Report of the Board.

The Board operates in a dynamic environment where regulation has to keep pace with developments on different fronts such as the following:

- Public perception and expectation.
- Economic factors.
- Technological advances.
- Globalisation of the gambling industry.

This fast changing environment poses the following challenges:

- Ensuring a regulatory environment that satisfies legitimate public expectations and takes cognisance of the public perceptions of gambling.
- Maximisation of the benefits to be derived from gambling in adverse economic circumstances.
- Staying abreast with technological developments and international regulatory best practice.

The Board will continue to engage its stakeholders in dealing with these challenges.

I would like to express my sincere gratitude to the Chief Executive Officer, staff and to my fellow Board Members for their continued efforts and support.

STATEMENT OF RESPONSIBILITY BY THE MEMBERS OF THE BOARD

The Board Members are responsible for monitoring the preparation and the integrity of the financial statements and related information included in the annual report.

Internal and accounting controls

In order for the Board to discharge its responsibilities, management has developed and continues to maintain a risk policy and an effective and efficient system of internal control.

The system of internal control is designed to provide reasonable assurance as to the integrity and reliability of the financial records of the Board and to safeguard and maintain accountability of the Board's assets.

Management and the Finance and Audit Sub-committees of the Board regularly review the risk policy and system of internal control and these are modified and improved as operating conditions change.

The system of internal control includes a comprehensive budgeting and reporting system operating within strict deadlines and monitored by the Finance Sub-committee of the Board.

As part of the system of internal control, the Board's internal audit function, outsourced to a firm of chartered accountants, conducts the internal audit in accordance with the standards set by the Institute of Internal Auditors and co-ordinates audit coverage with the Auditor-General.

The Board is satisfied that the system of internal control is adequate so that the financial records may be relied upon for preparing the financial statements and maintaining accountability of assets and liabilities.

Audit Committee

The Audit Committee of the Board consists of one non-executive Board member and two non-Board members and meets at least four times a year. The committee ensures effective communication between the Board, internal audit and the Auditor-General. The Auditor-General and internal audit has free access to the Audit Committee.

STATEMENT OF RESPONSIBILITY BY THE MEMBERS OF THE BOARD (continued)

ANNUAL FINANCIAL STATEMENTS

The annual financial statements are prepared in accordance with Generally Accepted Accounting Practice and the reporting requirements of the Public Finance Management Act.

The financial statements are prepared in accordance with appropriate accounting policies as set out in the notes to these financial statements and which are supported by reasonable and prudent judgements and estimates.

The financial statements have been prepared on the going concern basis, as the Board Members have every reason to believe that the Board has adequate resources in place to continue in operation for the year ahead.

The Board believes that the annual financial statements fairly present, in all material respects, the financial position of the Board as at 31 March 2002 and the results of its operations and cash flows for the year then ended.

The Annual Report for the year ended 31 March 2002 set out on pages 3 to 13 and 16 to 28 were approved by the members of the Board on 7 June 2002 and are signed on their behalf by:

Vincent Maleka
Chairperson

Jacques Booysen
Chief Executive Officer

REPORT OF THE BOARD FOR THE YEAR ENDED 31 MARCH 2002

The Members of the Board have pleasure in presenting their report for the year ended 31 March 2002.

INCORPORATION, FUNCTIONS AND POWERS

The Gauteng Gambling Board is a statutory body established in terms of section 3 of the Gauteng Gambling Act, No 4 of 1995, as amended (“the Act”).

The main functions of the Board are to:

- Oversee and control gambling activities in Gauteng, including:
 - Licensing of individuals and entities to conduct gambling and related activities.
 - Registering of persons engaged in such activities.
 - Registering of all gambling devices.
 - Collecting prescribed taxes and levies for the Gauteng Province and other specified beneficiaries.
 - Ensuring compliance with all legislation in connection with gambling.
- Manage and administer the Sports Development Fund.
- Advise the Member of the Executive Council of the Gauteng Provincial Government responsible for the administration of the Act on matters relating to gambling.

BOARD MEMBERS

The names of Board Members appear on page 3.

PERFORMANCE AGAINST OBJECTIVES

The performance against key objectives for the year under review is dealt with in the Performance Report set out on pages 12 and 13.

REPORT OF THE BOARD (continued) FOR THE YEAR ENDED 31 MARCH 2002

GENERAL REVIEW

The following is a brief overview of the activities and achievements of the Board during the year under review.

Responsible Gambling

The Board is in the process of reviewing its rules to specifically include rules dealing with responsible gambling issues. The draft rule amendments are currently being discussed with the industry.

To date, a total of 413 people have made use of the Board's self-exclusion programme.

Socio-economic impact study

The Gauteng Provincial Government has decided to commission, in conjunction with the Board, a study on the socio-economic impact of gambling in the Province.

The results of this study will facilitate the review and refinement of the gambling regulatory framework.

The draft terms of reference for the study have been published for comment by interested persons, prior to these being finalised.

It is expected that the study will be put out to tender during July/August 2002.

Casinos

Adverse economic conditions and increased competition by the National Lottery in the form of a second weekly prize draw, resulted in a decrease in the rate of growth of gaming revenues of the five operating casinos, growing by 7,2% year on year, to R2,62 billion for the year. This resulted in gaming tax collections of R235,7 million in the current year, compared to R219,8 million in the previous year. The operating profile of the casinos can be summarised as follows:

Casino name	No of gaming machines	No of tables
Caesar's Gauteng	1 500	50
Carnival City	1 750	60
Emerald Safari Resort	616	24
Gold Reef City Casino	1 600	50
Montecasino	1 700	70
TOTAL	7 166	254

REPORT OF THE BOARD (continued) FOR THE YEAR ENDED 31 MARCH 2002

The sixth casino licence was issued to Rhino Resort Limited on 21 November 2001 for a casino development in Krugersdorp.

Subsequent to the issuing of the licence Tsogo Sun Holdings (Pty) Ltd brought a review application in the High Court to set aside the decision of the Board to grant the licence, as well as the decision of the Executive Council to concur with the Board's decision to grant the licence. The Board is defending the review application.

Horse-racing and Betting

Pool betting

Totalizator turnover continued its downward trend and amounted to R1,176 billion for the year, a reduction of 10,16% on the previous year. This is mainly due to adverse economic conditions and increased competition from other forms of gambling.

Revenues from totalizator taxation amounted to R42,69 million, compared to R46,4 million for the previous year.

The rate of totalizator taxation was reduced to 6,5% on take-out, with effect from 1 April 2002. The previous tax rate was 3,5% of gross takings, which equated to approximately 15% on take-out.

This latest reduction in the tax rate paves the way for the listing of Phumelela Gaming and Leisure Ltd on the JSE Securities Exchange during June 2002, the final step in the corporatisation of the horse-racing industry, as contemplated in the Memorandum of Understanding entered into between the industry and the Gauteng Provincial Government.

Fixed odds betting

A number of bookmakers have applied to the Board for, and been granted, approval to relocate their businesses to new premises. This is aimed at achieving a better geographical spread of availability of betting outlets and enhanced facilities for patrons.

Taxes collected from Gauteng bookmakers amounted to R21,07 million, compared to R20,2 million in the previous year.

Bingo Operations

Bingo revenues improved by 17,5% during the current year to a total of R13 million (2001 : R11,08 million), resulting in tax revenues of R1,562 million (2001 : R1,329 million).

REPORT OF THE BOARD (continued) FOR THE YEAR ENDED 31 MARCH 2002

Limited payout machines

The introduction of the limited payout machine industry has once again been delayed, firstly by the Constitutional Court case between the National Gambling Board and the Premier of Kwazulu-Natal, and secondly by the withdrawal of IBM as the technology provider of Zonke Monitoring Systems, the appointed national Central Electronic Monitoring System operator.

The Board will complete its policy on the licensing approach to limited payout machines once the current uncertainties have been resolved and upon receipt of the socio-economic impact study referred to earlier in this report.

Illegal gambling

The Board continues to have a close working relationship with the South African Police Services and the Directorate of Public Prosecutions, which has been a major factor in the successes achieved in eradicating illegal gambling within the Province.

During the year a further 194 gaming machines were confiscated and 43 people were convicted of gambling-related offences.

Amendments to legislation

Amendments to the Gauteng Gambling Act recommended by the Board were passed by the legislature and promulgated during the year under review.

The Board continues to keep abreast of developments, both locally and internationally, in order to ensure that the regulatory framework remains relevant in a fast-changing environment.

Sports Development Fund

The income of the Sports Development Fund amounted to R954 000 during the current year (2001 : R851 000).

Grant applications in the amount of R1,4 million in respect of the Tembisa and Diepsloot sporting complex developments were approved by the Board, and the said grants were disbursed subsequent to the year end.

REPORT OF THE BOARD (continued) FOR THE YEAR ENDED 31 MARCH 2002

Human Resources

Development and training of employees remain a priority of the Board and to this end various training and development initiatives were embarked upon during the year.

REPORT OF THE AUDITOR-GENERAL TO THE MEMBERS OF THE GAUTENG PROVINCIAL LEGISLATURE ON THE FINANCIAL STATEMENTS OF THE GAUTENG GAMBLING BOARD FOR THE YEAR ENDED 31 MARCH 2002

1 AUDIT ASSIGNMENT

The financial statements as set out on pages 16 to 28, for the year ended 31 March 2002, have been audited in terms of section 188 of the Constitution of the Republic of South Africa, 1996 (Act No 108 of 1996), read with sections 3 and 5 of the Auditor-General Act, 1995 (Act No 12 of 1995) and section 18(4) of the Gauteng Gambling Act, 1995 (Act No 4 of 1995, as amended). These financial statements, the maintenance of effective control measures and compliance with relevant laws and regulations are the responsibility of the accounting authority. My responsibility is to express an opinion on these financial statements, based on the audit.

2 NATURE AND SCOPE

2.1 Audit of financial statements

The audit was conducted in accordance with Statements of South African Auditing Standards. Those standards require that I plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Furthermore, and audit includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations, which came to my attention and are applicable to financial matters.

I believe that the audit provides a reasonable basis for my opinion.

3 AUDIT OPINION

3.1 Audit of financial statements

In my opinion, the financial statements fairly present, in all material respects, the financial position of the Gauteng Gambling Board at 31 March 2002 and the results of its operations and cash flows for the year then ended in accordance with prescribed accounting practice.

4 **APPRECIATION**

The assistance rendered by the staff of the Gauteng Gambling Board during the audit is sincerely appreciated.

SUMMARY OF ACCOUNTING POLICIES

for the year ended 31 March 2002

The financial statements are prepared on the historical cost basis and incorporate the following principal accounting policies, which are materially consistent with those adopted in the previous financial year, except as otherwise indicated.

STATEMENT OF COMPLIANCE

The financial statements are prepared in accordance with Generally Accepted Accounting Practice and the requirements of the Public Finance Management Act.

REVENUE

This includes revenue derived from collection commission, application fees, licence fees, sports betting levies and other income. Revenue is recognised on the accrual basis, excluding VAT.

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at historical cost less accumulated depreciation. Depreciation is calculated on the straight-line method to write off the cost of each asset over its estimated useful life as follows:

Buildings	50 years
Fixtures and fittings	10 years
Furniture and equipment	3 to 6 years
Motor vehicles	5 years
Information technology equipment	2 to 3 years

LEASES

Operating leases

Leases where the lessor retains the risks and rewards of ownership of the underlying asset are classified as operating leases. Payments made under operating leases are charged against income on a straight line basis over the period of the lease.

EMPLOYEE BENEFITS

Short term employee benefits

The cost of all short term employee benefits is recognised during the period in which the employee renders the related service. The provision for employee entitlement to annual leave represents the amount which the Board has a present obligation to pay as a result of employees' services provided to the balance sheet date. The provision has been calculated at undiscounted amounts based on current salary rates.

GAUTENG GAMBLING BOARD

SUMMARY OF ACCOUNTING POLICIES - continued
